

Northland Reliability Project

Minnesota Power and Great River Energy hosted in person and virtual engagement opportunities for stakeholders and community members to learn about the Northland Reliability Project and provide input to help our team route the new transmission line.

Detailed information packets

Detailed information packets were available for request from community members via the mail or email. Packets included similar information as the in person open house and online engagement.

How we got the word out

Minnesota Power and Great River Energy conducted outreach about the public open houses and additional engagement opportunities in several ways.

1.

Postcard mailing

8,430 landowners and key stakeholders within the route corridor

Minnesota Power and Great River Energy plan to build an approximately 150-mile, double-circuit 345-kilovolt transmission line from northern Minnesota near Grand Rapids to central Minnesota near Becker to support grid reliability in the Upper Midwest.

Open this notice to learn about how you can provide input to help us route this transmission line. Join us at an open house or participate in virtual engagement opportunities to provide your feedback.

DATE	TIME	LOCATION
Tuesday, Jan. 24	11:00 a.m. - 1:00 p.m. 4:00 p.m. - 6:00 p.m.	Pierz Ballroom 133 Main St. Pierz, MN 56364
Wednesday, Jan. 25	11:00 a.m. - 1:00 p.m. 4:00 p.m. - 6:00 p.m.	Sauk Rapids Government Center 250 Summit Ave. N. Sauk Rapids, MN 56379
Thursday, Jan. 26	11:00 a.m. - 1:00 p.m. 4:00 p.m. - 6:00 p.m.	Pebble Creek Golf Course 14000 Clubhouse Lane Becker, MN 55308
Monday, Jan. 30	11:00 a.m. - 1:00 p.m. 4:00 p.m. - 6:00 p.m.	Timberlake Lodge 144 SE 17th St. Grand Rapids, MN 55744
Tuesday, Jan. 31	11:00 a.m. - 1:00 p.m. 4:00 p.m. - 6:00 p.m.	Sprague Town Hall 14432 Sprague Rd. Hill City, MN 55748
Wednesday, Feb. 1	11:00 a.m. - 1:00 p.m. 4:00 p.m. - 6:00 p.m.	Twinsdale Carleton 240 Curtis Ave. Carlton, MN 56425
Thursday, Feb. 2	11:00 a.m. - 1:00 p.m. 4:00 p.m. - 6:00 p.m.	Daggett Brook Town Hall 14074 Co Rd 2 Brainerd, MN 56401

We welcome your attendance at our open houses held throughout the project area. There will be no formal presentation, come anytime during the listed time. Each open house will provide the same information including project displays and detailed maps to review and collect input.

Additional engagement opportunities:

- Explore our virtual, self-guided open house available from Jan. 23 - Feb. 17 at northlandreliabilityproject.com.
- Request a mailed packet with more information by emailing us or leaving a message on our hotline with your mailing address.
- Schedule a meeting with the project team by emailing us or leaving a message on our hotline.

Routing process

This project requires a route corridor approval. During the routing process, our team will identify route alternatives based on taking advantage of opportunities to utilize existing infrastructure. The routing process will help us identify a proposed route that will be included in the Certificate of Need and Electric Power Distribution License. We will be filed with the Minnesota Public Utilities Commission.

Segment one
Install approximately 130 miles of a new double-circuit 345-kV transmission line, generally located near existing transmission line corridors.

Segment two
Replace approximately 20 miles of an existing 230-kV transmission line with a double-circuit 345-kV line from the Benton County Substation to the Big Lake Substation (to be built as part of a separate project).

Additional project improvements:

- Expand the existing Iron Range Substation, located near Grand Rapids, and the Benton County Substation, located near St. Cloud.
- Install a new substation and reconfigure existing transmission lines in the Riverton area.
- Rebuild approximately 20 miles of existing single-circuit 345-kV line from the Benton County Substation to the Shersa Substation in Sherburne County.

Northland Reliability Project

Greetings,

Minnesota Power and Great River Energy invite you to attend an upcoming Northland Reliability Project public open house. You've already received information from us about our public open houses, but we wanted to send you a reminder because our open houses begin this week and our virtual, self-guided open house has launched.

DATE	TIME	LOCATION
Tuesday, Jan. 24	11:00 a.m. - 1:00 p.m. 4:00 p.m. - 6:00 p.m.	Pierz Ballroom 133 Main St. Pierz, MN 56364
Wednesday, Jan. 25	11:00 a.m. - 1:00 p.m. 4:00 p.m. - 6:00 p.m.	Sauk Rapids Government Center 250 Summit Ave. N. Sauk Rapids, MN 56379
Thursday, Jan. 26	11:00 a.m. - 1:00 p.m. 4:00 p.m. - 6:00 p.m.	Pebble Creek Golf Course 14000 Clubhouse Lane Becker, MN 55308
Monday, Jan. 30	11:00 a.m. - 1:00 p.m. 4:00 p.m. - 6:00 p.m.	Timberlake Lodge 144 SE 17th St. Grand Rapids, MN 55744
Tuesday, Jan. 31	11:00 a.m. - 1:00 p.m. 4:00 p.m. - 6:00 p.m.	Sprague Town Hall 14432 Sprague Rd. Hill City, MN 55748
Wednesday, Feb. 1	11:00 a.m. - 1:00 p.m. 4:00 p.m. - 6:00 p.m.	Twinsdale Carleton 240 Curtis Ave. Carlton, MN 56425
Thursday, Feb. 2	11:00 a.m. - 1:00 p.m. 4:00 p.m. - 6:00 p.m.	Daggett Brook Town Hall 14074 Co Rd 2 Brainerd, MN 56401

The Northland Reliability Project will increase the reliability of the grid, enhance its resiliency during extreme weather events and make it more capable to serve types of generators and from those locations, could be expected to meet the long-term energy needs of our customers and residents.

Contact us by leaving a message on our project hotline at 218-864-6059 or an email at connect@northlandreliabilityproject.com. We'll respond to you within one to two business days.

For more information, visit our website at northlandreliabilityproject.com.

Sincerely,
Northland Reliability Project Team

Engaging Partners

We've engaged agencies, local governments, Tribes and Tribal Organizations in regular and meaningful conversations to build a cooperative relationship and to collaborate, provide project information and gather information. Examples of organizations we've worked with include: Department of Natural Resources, U.S. Fish and Wildlife Service, U.S. Army Corps of Engineers, and the Minnesota State Historic Preservation Office.
